THE FRAME, DESIGNED FOR YOUR SPACE

The Frame is an innovative design concept that exudes elegance as a framed piece of art and a 4K television. It beautifies any space in your home, adding personality to a room by displaying art and your own photos. Art Mode transforms your TV into a gallery-worthy display piece, while a unique frame design and interchangeable bezels effortlessly complement your interior décor. Bring harmonized design into your home with The Frame – a groundbreaking intersection of art and technology

Display art, photography and more on The Frame.
